

Advent by Candlelight

Instructions for Bakers

Each baker will need to bring one type of dessert in 4 doz. bite sized (1-2 bites) dessert servings. Examples of some holiday treats would be bite size: cheesecakes, holiday type cookies, brownies or chocolate type dessert, decorated mini cupcakes, holiday bar cookie, specialty cookies or bars (pumpkin, lemon, date, almond, toffee etc.) If your dessert is sugar free/gluten free, let me know so I can label it.

Use the contact information below to let us know what you plan to bring by November 24th.

These servings should be divided between two plates or platters. Since this is an elegant evening we will present the desserts in an elegant fashion. I request that the two serving plates that you bring are clear, white, silver, black, gold and made of metal or glass. Tiered serving pieces and pedestal cake stands are great. It is not necessary that your two plates match. You could use one glass plate or tiered serving piece and one silver plate if you wish. The presentation of the desserts will be formal so we are discouraging the use of any plastic plate or any holiday decorative plate (no Santa Claus, poinsettia, snowman etc.).

Your dessert needs to be cut and plated, ready to serve before you bring it to the cafeteria. Ideally, the dessert you bring, would not need to be cut or prepared by us in any way after being dropped off. For example, I prefer that you not bring an entire uncut cake. You may certainly bring a cake, but cut it and plate the bite sized servings before dropping it off.

If your dessert will require a serving utensil (in other words it can't be picked up by hand), you will need to provide that as well.

Desserts should be delivered directly to the dessert table between 4:00- 5:30 p.m. on Tuesday, December 5th. I will be there to receive it.

In summary:

- 1) Each baker will bring 4 dozen bite sized (1-2 bites) holiday desserts on 2 plates of 2 dozen each
- 2) Plates need to be glass or metal (white, gold, silver, clear or black), flat, pedestal or tiered
- 3) Desserts are to be delivered to the cafeteria 4:00-5:30
- 4) If your dessert needs a serving utensil, please provide it with your dessert
- 5) Place a piece of tape with your name on the bottom of your plate
- 6) Make sure to pick up your 2 serving plates before you leave that evening
- 7) Tell me in advance what you are bringing and I will make a label to display along with the dessert.

Thanks, in advance for all your help.
